Notes:

Page 11: Dashboard - Settings

Any information already entered by the user will be recited on this page (with the exception of password) and any optional fields that were not entered will appear as blank fields. There is the ability to add or edit information.

1. The user won't get to this page unless they have entered all this content. There will be error states if the user presses save and has not entered valid information or has deleted information and not entered anything new.

2. Current password will not appear here.

3. Off is pre-selected by default.

4. Saves all changes in data input.

5. Deletes 4A Arts account after a confirmation overlay, asking is user is certain they would like to delete their account permanently.
